THE PROBLEM IN NEPAL

85 PERCENT¹
children in orphan homes with living parents

12,000²
children trafficked annually

70 PERCENT³
victims who are disempowered, illiterate, & living at poverty

We're on a mission to stop that...

MISSION, VISION, & AWARDS

**OUR MISSION** IS TO KEEP MOTHERS AND CHILDREN TOGETHER THROUGH ECONOMIC DEVELOPMENT, AWARENESS, AND EDUCATION.

**WE ENVISION** A WORLD IN WHICH FAMILIES CAN STAY TOGETHER, AND WHERE NO CHILD IS FORGOTTEN OR SEPARATED BECAUSE OF ECONOMIC DISADVANTAGE IN HEALTH, INCOME, OR CIRCUMSTANCE. WE ENVISION A WORLD IN WHICH THE FAMILIAL VALUE WILL HAVE AN EXPONENTIAL IMPACT BEYOND THE INDIVIDUAL.

LETTER FROM FOUNDER

Dear Supporters,

The world can be a very cruel place for children living in poverty. Due to economic disadvantage and illiteracy, up to 12,000 children every year in Nepal are kidnapped and sold into for-profit orphan homes or Indian brothels. Even more alarming, in the regions in which we operate, 25% of adolescent girls go “missing” each year.

We’ve been on a mission since 2011 to keep children and families together through sustainable solutions addressing the three pillars of prevention: economic development, awareness, and education.

You have graciously partnered with us in creating long-lasting and effective change, and we are forever grateful for your generosity and support. As you will read in our operations summary, we have stretched your monetary donations to have incredible and profound impact. Through the effective utilization of volunteers and in-kind donated services, we’ve increased our operations value from $34,542 to $142,218. Volunteers have donated over 3,950 hours in 2018 alone, allowing us to continue our work with ardent precision and reach. A few of our highlights this year include:

- **ECONOMIC DEVELOPMENT**: Financial stability and independence are one of the greatest means by which these villagers reduce the risk of losing their children to the violence of sex trafficking. Our micro-savings and loan program has continued to develop in Nuwakot, serving 20 households annually. These families have never previously experienced the sense of security that comes with financial savings. We’re proud to have helped change that. They are now earning 8% interest at the bank. With the money saved, they are not only learning valuable planning and organizational skills but are strategically using their savings, combined with micro-loans from NMB Bank, to purchase and make gains with business ventures such as animal husbandry.

- **SELF-DEFENSE TRAINING**: The female youth of this region is at significant physical risk. Self-defense is another avenue by which
we’re working to increase safety. Two of our Young Professional Board Members, Kate Green and Tim Bearden, traveled with me to Nepal in October and taught Brazilian Jiu-Jitsu Workshops to at-risk girls in the villages where we operate. They modified the curriculum to suit the demographic and are currently working on a scalable model that can be implemented in additional schools throughout the country.

- **BROTHEL RESCUE**: Returning these girls to their families is critical. In October, I made it my personal mission to track down some of the 27 girls who have gone “missing” since I started operating in the region after the 2015 earthquake. Through investigative work, we were able to collect data and obtain photographs of eight girls, who are now currently being looked for in the Indian brothels by our rescue partners.

Considering the limited operational budget, our impact in 2018 has been huge, and I cannot thank you enough for allowing us this remarkable year.

The year ahead is a year for expansion. We are currently undergoing an organizational realignment and restructuring, along with rebranding, that will allow us to grow financial potential and programs exponentially. We are also excited to bring the fight close to home while simultaneously working to address these issues abroad. One upcoming initiative is a Denver-based anti-child trafficking program to address the alarming fact that Denver ranks in the Top 30 cities in the USA for child trafficking.

I wholeheartedly give thanks and appreciation for your continued support over the years. We cannot do this without you.

With Gratitude,

Katie Hilborn M.Ed

TESTIMONIALS OF IMPACT

Muimendo Tamang, 37 years old
Women's Empowerment Group President

"You people inspire me to be a part of this women’s group, it is helping a lot to save money. Also, we can draw that money whenever we need it, and also by involving this group, we are getting the opportunity to meet other people like you who are coming from abroad with opportunity for us to learn. I have been provided a loan to support my children’s education."

Muya Tamang, 31 years old
Women's Empowerment Group Founding Member

"I joined this group because money can be saved so I can educate my children and also I realize that support outside of Nepal is coming. I am able to invest my money in business so we can help our children with a better education."
TESTIMONIALS OF IMPACT

Sancha Maya Tamang, 21 years old

I became a member of the women’s microfinance group. By involving in this group, I am able to save 100 rupees per month that is very helpful and I’m happy about that. I am using the money plus a small loan through the program to invest in livestock for the development of the community as well as my family. I realize that being involved within the group is also networking and the most important thing is saving money.

Rita Tamang, 33 years old
Social Enterprise Recipient

"With the investment of three goats, I am able to reproduce and sell the meat to support education for my children. I am very happy for this."

CORPORATE DONORS

These are our bread and butter! Without their help, none of this would be possible! Thank you to all the major companies and individuals that have supported us along the way. Some have simply been corporate sponsors, while others have donated a percentage of sales or have given in-kind services. Either way, we cannot thank you enough for believing in our mission.
